

PARENT TIME

Especially for
baby & toddler
parents

This month, your child is learning that God's got it. God is always with me. God hears me and gives me what I need. God teaches me the way to go. God protects me. Aren't those amazing things for those little ears to hear?

How about those of us with our grown-up ears and our grown-up issues and our grown-up stress? Do we need to hear those things too? Just so you know: God's got it for you too. He does. God is with you in the midst of your struggle, and He celebrates with you in your joy. God is there with you through thick and through thin. So, take a minute to talk to Him. Take a minute to share your burden and to invite God into your mess. God's got it.

The community at **TheParentCue.org** was created to help parents do family better. With blog discussions, podcasts, advice, and inspiration, Parent Cue prompts us to intentionally connect with our families regularly. Since none of us need more to do in our day, Parent Cue helps us capture the time we're already spending together.

There's an app for that:

Parent Cue App – centered around a monthly topic, this app sends weekly CUEs that remind us to connect with our kids whether at home or on the go. You can even watch Bible story videos during drive time using the app.
